

Steve Swaddling

I have been walking and stumbling along with Jesus since I was 13 years old. Have done many things in my lifetime, but none more important than working with youth of all ages. 30 years as an elementary school teacher, 39 years in summer camp ministry, multiple years as a youth director and speaker. Some say I am too passionate about life and living for Jesus; I say what other response can there be to the incredible gift Jesus gave me of grace, mercy, forgiveness, and love. My motto in life is: Experiencing Jesus, Building Relationships, and Having a Blast!
